Cinder Path Stars To Run Tomorrow at Kam

Cornell Meet at Kamehameha Field Brings Out Athletes of Six Schools—Relays Will Feature Meet—Mills By Winning Cross Country Starts Meet With 20 Points—Events Will Begin at 2 o'clock With Pole Vault and Trials of 100

Lovers of track and field sports will have the first opportunity to watch the track stars in action in an amateur meet this year at Kamehameha field tomorrow afternoon when the first events of the Cornell meet is called at 2 o'clock sharp. The track is in good condition, and arrangements have been made for the seating of a large number of spectators who are expected to be present.

Each school will send in a number of stars in the different events, and the prospects are bright for a close meet. Mills has the lead at present in the number of points made by winning the cross country event, but Kamehameha and St. Louis are planning to annex enough points to win the meet. Dower and More to Compete.

In the 100-yard event Kam will place their hopes on Weston Dower, while St. Louis is banking on Thomas Hore to win out in the finals. Other schools are planning on giving these two stars a run in the century.

In the low hurdles Dower, who was a winner last year, will meet Thomas Hore, who holds the island record with Opanui. Stafford Austin of Hawaii is expected to give the two timber-toppers a great race.

There are many stars in the pole vault event, and the high jumpers have been soaring close to the 5 feet 5 inches mark. In the broad jump Austin and Brown will represent Hawaii, and should star in this event as Kam is shy of broad jumpers. The schools promise to split the points in the field events, as Hawaii will have a number of good men in these events. Mills' School promises to make a good showing in the four-mile relay and may be a favorite in the two-mile relay event. Clifford Melm is not entered under the high school colors, and this will slow up the work of the McKinley team in the half mile and one mile relays.

The following includes the entries for the meet tomorrow afternoon and Cornell records given:

Winners of Cornell Cross Country Run

The Mills team which starts in the lead in the Cornell meet with 20 points. They will have a lead over Kamehameha at the beginning of the meet tomorrow by eight points, the Mills team having annexed 20 points for the meet by capturing the recent cross country run. It is expected that Mills will send a strong team into the four-mile relay, and should take a number of other points in the various events. The first event in tomorrow's meet at Kamehameha field will begin at 2 o'clock sharp. The runners from left to right standing are: Ishamara, Charles Wan, Doo Whan, Sueoka, Kurakawa, Chap Lee Puck, second in the cross country. Kneeling, left to right—Silva, Amos Teragawa and Lee Pak Kee. Bottom figure—George Merritt, who handled the Mills School champion cross country team.

LIHUE AND ELEEE FAIL TO SCORE IN FAST SOCCER GAME

Lihoa School went to Elelee on Saturday and succeeded in getting a draw at soccer with the fast Elelee team.

The Lihoa boys, confident from their victory over Koloa, started out with a rush, but Principal Morse had been grooming his team for the past week and their defense was admirable. Elelee had the advantage of wind and slope the first half but did not have the power to score through the strong attack of Lihoa and were kept on the defensive a large part of the time.

In the second half, judging from her strong showing in the early part of the game, it seemed that Lihoa must win. But here again the Elelee boys surprised the crowd by coming back much stronger than their opponents, and forcing the playing much of the time.

At the end of the hour's play neither side had scored and the ball was in the center of the field. Werner and Avery acted as linesmen.

Next week Friday Lihoa school and High play at High School grounds, while Koloa and Elelee meet at Koloa. Both games will be called at 3 p.m.

COMPANY M TAKES CLOSE GAME FROM L BALL TOSSERS

[Special Star-Bulletin Correspondence] SCHOFIELD BARRACKS, March 2.

—M and L Companies had a fight to a finish on the 1st Infantry diamond today in the race for the regimental championship. M Company nosed out a victory by the score of 8 to 7. L Company played an uphill game, and almost came from behind. They did not start soon enough, however, and at the end of the ninth were still one run to the bad. M Company's fielders did all they could to help L Company's cause along by a very rapid fielding, a total of nine errors being chalked up to their credit or discredit—take your choice. Gallaher, the M Company hard hitting catcher, featured a beautiful home run. It was one of the cleanest and longest hits that has been made on the local grounds.

MISSION TEAM MAY PLAY HERE.

Santa Clara College may be seen in competition here against the local teams in July. At a meeting of the Oahu League last evening the secretary was instructed to ask the mission team to come here this summer.

CORRECT LIST OF RECORDS IN STAR-BULLETIN

Marks Published Yesterday Sanctioned by A. A. U. Officials—Will Stand

The list of records as published in the Star-Bulletin of yesterday is correct for the A. A. U. meets held here. The statement that there was a jumble of figures does not pertain to the list published in the Star-Bulletin on March 2. This list has been approved by Lorin Andrews, who has the official records of the A. A. U. on file.

Records given to the A. A. U. are reported and the records acknowledged by the A. A. U. are the same as those which were published in yesterday's edition of the Star-Bulletin, and these will stand until they are smashed by the local athletes.

Boost Amateurs. Regarding the A. A. U. meet the lovers of athletics should boost, as this department of sport is one which should bring credit to Hawaii. The men who are promoting the good work are handling it for the love of the sport and for the benefits that it will bring. Amateur athletics need support from every man who takes an interest in the sport.

It is regrettable that amateur athletics have not been boosted in some quarters, but rather the amateurs have been knocked. Of course, in amateur athletics there is no rake-off to be figured on, and consequently angles as is noticeable in swimming, track athletics and football.

Professional sports handled properly have been a success from the start, and baseball is one of the cleanest games in the world when handled by men who are looking for the advancement of the sport, and the same may be said for amateur athletics, and the local officials deserve praise for their efforts in making an effort to send representative men to the mainland.

HOWARD DREW EQUALS TWO RECORDS IN ONE NIGHT IN NEW YORK

NEW YORK, N. Y., Feb. 11.—Howard P. Drew, the dusky flyer of the University of Southern California, equaled two world's records at the Fordham University games at the 22nd Regiment Armory tonight. Incidentally, he took the measure of Roy B. Morse of the Salem Crescent A. C., and Joe Loomis of the Chicago A. A., who finished second and third, respectively.

This is the third consecutive time within two weeks that these athletes have finished in the order named in sprint races held in New York City. Tonight they competed in a special 90-yard scratch race. They were the only contestants. They arose from the mark as a unit, but Drew got away first. Morse hung to him like a leech, with the Windy City sped merchant inches in the wake of the latter. So they ran up to the last 20 yards, when Drew began to widen the space and finished the 94 yards one and a half yards ahead of Morse.

Drew did not stop here, but kept on in an endeavor to lower the world's figures for 105 yards. The best he could do for both distances was to

equal the world's records. His time for the former mark was 9 1/5 seconds and for the longer route 10 2/5 seconds.

Completed Before. Harrison and Mills have entered before in the A. A. U. meets, and their records made will stand, and Mills' mark has been approved by the local branch. At West Point the Army football and other teams are given a special ruling in order to participate in athletics. A football star may play three years in college before entering West Point, and may then play three years more. Only the army and navy are granted this privilege.

Glenn Jackson, who is handling the Triple A team, stated this morning that Gilbert, Harrison and Mills would enter the meet, and that whoever protested would have to forward their protest to the local body, which already has a ruling on this point. Jackson announces that the Triple A will have a number of good men in the meet, including Midkiff, Lindley, Gibb, Dreier and others stars.

GERMAN SPORT CLUB WINS REACH TROPHY

The cup presented by A. J. Reach Company to the Winter Baseball League was finally won by the German Sport Club, of Lihoa, and is now on display at the Lihoa Store.

Last Sunday the German boys started a bowling contest of four games, which are to be played off on five Sundays. The totals of the first game were as follows: Carl Schumacher 152, Hans Elmhorst 153, H. Bechert 124, G. Schumacher 125, F. Winter 143, E. Mann 112, F. Schumacher 142, F. Rutch 179, A. Siebel 162, F. NATIONAL GUARD TO BOOST SPORTS ON GARDEN ISLE

Will Take Over Baseball And Other Athletic Features For Coming Season

Practically all of the officers of the 4th Regiment (Kauai), National Guard of Hawaii, met in the district court room at the county building last Friday evening and discussed a large number of matters of importance to the regiment, some of which were given out for publication as being of interest to the public generally.

For instance, in the matter of sports it was decided that the National Guard should take over the baseball situation. The question of whether the competing teams should be organized by battalions or companies was discussed at length, finally resulting in favor of the latter plan, although that will mean that 12 teams will be in the field during the coming season.

Soccer football will also be taken up, each of the three battalions putting in one team for a hot season before baseball commences in May. These sports programs will be handled by the athletic officer of the regiment, acting with the three athletic officers of the battalions.

It was unanimously voted to have a military day on July 4th, to which the governor, the adjutant general and other officials should be invited. The entire regiment will be brought together in Lihoa for maneuvers, besides which there will be field sports of a military character and a big dinner. There will be parade and review of the regiment as a whole, and the program will conclude with some sort of "whoop-or-up" in the evening.

Col. Broadbent appointed the following committees on the 4th of July affair:

General and Finance—Lieut. Col. L. D. Timmons and Majors Wm. Henry Rice, Walter D. McBryde, Benjamin D. Baldwin and F. L. Putman.

Sports, field management and prizes—Capt. F. C. Morrow, C. Masser, G. T. Greig, E. W. Carden and Chas. F. Dillingham.

Commissioner—Capt. Chas. A. Rice, J. H. Moragne, W. O. Crowell, Richard N. Oliver, E. W. Kopke and A. D. Hills.

Transportation—Capt. Chas. H. Wilcox, Wallace M. Cooper, H. S. Truscott, G. P. Wilcox and H. F. Hadfield.

The matter of moving the troops on July 4th will be quite a problem, and came in for a good deal of discussion. It is expected that by that time the regiment will contain something like 1200 men, of which 900 will have to be transported to and from Lihoa. There is a possibility that the railway line may be utilized from Walamae to a point between Koloa and Lihoa. It is conceded that this scheme is well worth trying if for no other reason than to demonstrate its practicability in case of military need. The railways are not equipped with Pullman sleepers exactly, but they have pulled off some creditable excursions in the past.—Garden Island.
